WARRIOR TRAILS

By Robin Newcomer

With one week of 1968 behind us and 22 weeks left until June, Warriors have entered second semester elections. Other schools might be able to describe their elections as a time of much excitement, speeches, and posters, but at West elections and the student body's reactions to them can be summed up in one word — apathetic.

Last semester, most candidates for ASB and class offices ran unopposed, even for important posts such as president, and only a small minority of students bothered to vote.

Interest in the elections and campaigning seems to get progressively lower, although students still reserve the right to complain about the

officers once they are in office.

THERE ARE two ways you can see that things are carried out the way you would want. One sure way to run for office, and the other equally important thing to do is to vote. Let's not have an unimportant "in name only" student council. Begin to act now!

The first dance of 1968, sponsored by the Student Exchange Club, will be held Friday after the game in the gym. Come out and see the second league basketball game against El Segundo and then stay to dance to the music of "The Few."

With finals just around the corner, do you find yourself biting your fingernails and

spending many sleepless nights worrying? End your problems by giving your name to the CSF Tutoring Service.

NUMBER 8 in the nation—that's what this year's cross country team, spurred by Coach Hotel has been ranked! The boys on the team are Dave Young, Bob Cooper, Steve Smith, Tom Reed, Karl Rodefer, Ron Johnson, and Rich Tussing.

Chieftains in accepting applications from second semester sophomores and juniors into the service club. On this year's agenda is a semi-formal dance in February. This is one of the activities the student body wanted to have and through the student council Dr. Ford agree to pass it. Remember this event was passed for you and if proper response isn't good it will be questionable about holding one next year.

Trails End!

Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N. Y. (Special): A scientific research institute has discovered a medication which has the ability to shrink hemorrhoids. In case after case, the sufferer first notices prompt relief from the itching, burning and pain. Then this medication starts right in to gently reduce the swelling of inflamed, irritated hemorrhoids.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so.

And it was all accomplished without narcotics or stinging astringents of any kind.

The secret is Preparation H® — an exclusive formula for the treatment of hemorrhoids. There is no other formula like it! In addition to actually shrinking piles and relieving the painful distress — Preparation H lubricates, makes bowel movements less painful and soothes the irritated tissues. It also helps prevent further infection.

Preparation H comes in ointment or suppository form. No prescription is needed.
